LAND CRUISER DOUBLE CAB CAB CHASSIS LX IN WHITE

# LAND CRUISER 70

Many of the early Land Cruiser models can still be seen on our roads in daily use - testimony to their legendary reliability.

For over 60 years, Toyota Land Cruiser has proven its ability in rugged encounters all over the globe - handling the day in, day out pressures of an on farm, off road, on site vehicle with extraordinary stamina and dependability.

Land Cruiser's enviable reputation continues in New Zealand. From Cape Reinga to Bluff, every day we are pushing Land Cruisers to their limits on the farm and in some of the most severe conditions on the planet. Land Cruiser has a well earned reputation for reliability and durability.

Land Cruiser 70 has rugged good looks and a sturdy feel. Available in four distinct body shapes so there's even more potential for carrying loads and passengers. With the classic Cab Chassis now available in Single and Double Cab variants, a troop carrying Hardtop and the five door Wagon, there's a Land Cruiser 70 to suit every heavy duty application.

Land Cruiser 70 is renowned for reliable high performance whatever the job or working conditions. Land Cruiser 70 is powered by a 4.5 litre V8 common rail Turbo Diesel engine. Delivering 151kW at 3400rpm and an impressive 430Nm of torque from only 1200rpm. This engine provides the muscle needed to tackle the best, and worst of, New Zealand's natural terrain.

Thanks to the Common Rail-type Injection System, exhaust gas recirculation cooler and variable nozzle vane type turbo charger, excellent fuel efficiency and lower emissions have been achieved.

Land Cruiser 70 offers a 5-speed manual transmission, part time 4WD with manual front hubs and a Limited Slip rear Differential (LSD). The low transfer ratio of 2.488 and high torque at idle allows very low speeds for controlled off road manoeuvres and steep descents.

For the times when there is a road to travel on, you'll notice bumps are evened out thanks to the coil sprung front suspension and long wheelbase. Then, when the going gets tough these same coils, coupled with a rigid front axle, give great axle articulation for all important traction. Because the primary role of Land Cruiser 70 is tough off road load carrying, there are leaf springs at the rear.

Land Cruiser 70 has a no nonsense approach but is endowed with air conditioning, an audio system that has Bluetooth handsfree phone capability and audio streaming. There are auxiliary and USB connections so your portable music player can help make your back country travels less arduous.

The key safety feature is Anti-lock Brakes (ABS) on all models. ABS operates when the vehicle is in H2 and H4 modes, except when the optionally available differential locks are engaged. Disc brakes front and rear support the ABS operation.

Tilt and telescopic steering means driver's of all sizes will find a comfortable driving position.

Driver and front passenger airbag protection is provided as part of a revised steering wheel and dash layout.

WITH ACCESSORY DECK FITTED

**OPTIONS & ACCESSORIES** Only Toyota Genuine Accessories are designed and manufactured to the same high standard as original parts. They are engineered using manufacturer data to ensure that vehicle integrity is not compromised. This means the functionality of important precision systems such as airbags will not be impaired by their installation.

**OPTION.** Front and rear differential locks add greater traction when the going gets really tough. As a factory fitment this option needs to be specified at time of order.

**ACCESSORY.** As well as carrying a decent load, Land Cruiser can tow too. To ensure you maximise Land Cruisers ability, get a towbar certified for a 750 - 3500kg load.

**ACCESSORY.** Acrylic bonnet and headlight protection will keep your Land Cruiser 70 looking good.

**ACCESSORY.** While your Land Cruiser is managing the mud outside you can keep control of it inside with these accessory rubber floor mats.

**ACCESSORY.** This Tray body assembly is fabricated from heavy duty galvanised steel with an aluminium checkerplate tray deck. Rear Ladder Rack is available as an option, sold separately.

**ACCESSORY.** The fabric trimmed seats are shaped for all day comfort. When you are hard at work or play dirt can find its way into the cab. Forget about it with accessory heavy duty canvas seat covers that are removable and washable.

**Make Land Cruiser your own. Talk with your dealer about the factory fitted options and dealer fitted accessories that are available.**

# SINGLE CAB CAB CHASSIS

Cab Chassis	LX	
Overall length	5220mm	5230mm
Overall width	1790mm	1870mm
Overall height	1970mm	1955mm
Wheelbase	3180mm	3180mm

Approach/Departure angle	38°/29°	36°/27°
Turning circle (tyre)	14.4m	14.4m
Gross vehicle weight	3300kg	3300kg
Kerb weight	1990 - 2085kg	2000 - 2090kg
Maximum towing capacity - braked	3500kg	3500kg
Maximum towing capacity - unbraked	750kg	750kg
Seating capacity	3	2

If you are serious about your work you'll be serious about your tools. Best you have a tough tool kit to get you to work and back.

Land Cruiser Single Cab Cab Chassis models form the backbone of Toyota's legendary workhorse trucks. Built on a strong ladder frame chassis these vehicles will take a lot of punishment without complaint.

While Land Cruiser 70 is all go, big powerful ventilated disc brakes all round slow things down in a hurry.

LAND CRUISER SINGLE CAB CAB CHASSIS IN SILVER

LAND CRUISER SINGLE CAB CAB CHASSIS LX IN DARK RED

All variants have a front storage compartment and cup holder with 12V accessory power socket.

Tackling difficult terrain can be hot work so air conditioning is provided in all models to keep things cool. The audio system expands its repertoire with Bluetooth phone capability and MP3 player connection. All models have driver and front passenger airbags for added protection.

There are plenty of tough jobs requiring a whole team to be on site. The Double Cab Land Cruiser will carry five people and their gear anywhere.

Needing five people at a remote site or out the back of the farm is no longer an issue with the Double Cab Land Cruiser.

If the day will be a long one the Double Cab models have the fuel capacity to travel far - the standard 90 litre fuel tank is supplemented with a 40 litre auxiliary tank.

LAND CRUISER DOUBLE CAB CAB CHASSIS IN DARK RED

LAND CRUISER DOUBLE CAB CAB CHASSIS LX IN WHITE

Remote door locking is standard for all LX models.

The Double Cab three person rear bench seat can be folded forward providing easy access to useful storage for small items when the seats aren't required.

# LONG WHEELBASE HARDTOP

Land Cruiser Hardtop will easily carry eight passengers in the rear. When the parallel seats are folded up the Hardtop becomes a very capable off road van.

Hardtop	
Overall length	5210mm
Overall width	1790mm
Overall height	2115mm
Wheelbase	2980mm
Minimum ground clearance	235mm
Approach/Departure angle	38° / 25°
Wading depth	700mm
Turning circle	13.6m
Gross vehicle weight	3300kg
Kerb weight	2245 - 2355kg
Maximum towing capacity - braked	3500kg
Maximum towing capacity - unbraked	750kg
Load space floor length	2085mm
Load space width	1170mm
Load space height	1265mm
Seating capacity front/rear	3/8

Moving staff and their gear to distant off-road worksites? Land Cruiser Hardtop will take them there with ease.

With seating for 11, Land Cruiser 70 Hardtop has the space and the grunt to carry the whole crew, and all the gear that travels with them.

Transporting staff to off-road work locations is easy thanks to the parallel rear bench seats carrying eight passengers.

Covered in hard wearing vinyl, these rear seats can accommodate a small army and then fold away when not in use to reveal a large cargo area.

LAND CRUISER HARDTOP IN WHITE

Load space height	1115mm
Seating capacity	5

...if you work hard you probably play hard too. The LX Wagon could be your perfect companion.

At the head of Land Cruiser 70 series line-up, the LX five door Wagon combines the creature comforts you'd expect from a Toyota with the freedom to hunt out the best leisure spots New Zealand has to offer. Land Cruiser LX Wagon will open your eyes to the pure pleasure of four wheel driving at its best.

LAND CRUISER LX WAGON IN SILVER PEARL

Seating for five and generous interior space makes LX wagon a candidate for off-road adventures.

Manual front hubs are standard across the Land Cruiser 70 range - the preferred choice of many four wheel drive experts.

The rear seat folds and tumbles away to increase the already large cargo area.
