

End of lease check list

- ☐ All sets of keys are returned.
- ☐ Service Manual and Owner’s Manual is in the glove compartment.
- ☐ Repaired all damage caused by impact that is ‘unacceptable’ in the Fair Wear and Tear Guidelines.
- ☐ The vehicle’s servicing requirements are up to date and in accordance with the manufacturer’s specifications.
- ☐ The vehicle has been cleaned.
- ☐ The tyre pressure is set to the manufacturer’s specifications.
- ☐ All removable items that we supplied with the vehicle, or placed in their original position.
- ☐ Any sign writing has been removed from the vehicle and any damage caused to the exterior paintwork has been repaired.

At the end of your lease

‘Fair wear and tear’ is the degree of deterioration that is reasonable for a vehicle – taking into account its age and the number of kilometres travelled.

These guidelines outline the acceptable ‘fair wear and tear’ for a vehicle leased from Toyota Finance.

At the end of your lease agreement, the condition of your vehicle will be assessed by an independent third party, taking into account the kilometres travelled. This brochure should assist you in understanding what we mean by ‘fair wear and tear’ (and to help you look after your vehicle for the term of your lease). If you have any questions, please contact your local Toyota Dealer or call us free on 0508 GO TOYOTA (0508 46 86 96) and we’ll be more than happy to help.
