

OVERVIEW

With over 40-years of advancements in design and technology the new Toyota GR Supra remains true to your expectations of sports car comfort, safety and driving performance.

The first four generations of Supra sports car were desired for their blend of six-cylinder power and rear-wheel-drive dynamics.

Not only does the new Toyota GR Supra remain faithful to its design and engineering pedigree, it is redefining the next generation of sports car style, safety, and driving performance.

The Toyota GR Supra is the first road-car for global public sale developed by the company's motorsport division TOYOTA GAZOO Racing. Extensively tested on Germany's Nürburgring Nordschleife track, the Toyota GR Supra is the culmination of TOYOTA GAZOO Racing's passion for innovation.

Supra

EXTERIOR

PAYING TRIBUTE TO A DESIGN HERITAGE

The exterior styling of the Toyota GR Supra matches its sport car credentials. The 19-inch forged polished silver and black painted alloy wheels fitted with Michelin Pilot Super Sport tyres accentuate the side view of the car created by the short wheelbase.

Evoking the classic sports car design of a front-engine, rear wheel-drive layout and straight-six engine, the Toyota GR Supra has a super-wide stance, created by the tight cabin, wide tread, and the long nose short cabin silhouette.

Incorporated into the sleek design are 6-lens LED headlights and LED daytime running lights as well as an Adaptive Front Lighting System. Automatic rain sensing wipers and exterior mirrors with heating and memory function are also neatly packaged into the Toyota GR Supra.

TETSUYA TADA
GR SUPRA CHIEF ENGINEER

"The most important Supra heritage is the in-line 6 engine, with a front and rear FR configuration... My favourite thing about this car is of course, engine sound."

PERFORMANCE

NOT YOUR AVERAGE SPORTS CAR

At the heart of the Toyota GR Supra is an inline 250kW/500Nm 3-litre six-cylinder twin-scroll turbocharged engine. An 8-speed automatic transmission offers normal or sport mode which puts you in charge of how the engine power is delivered to the rear driving wheels.

Bright red callipers identify the Toyota GR Supra's sport brake package. When the windscreen wipers are operating the callipers will lightly apply the brakes for you at pre-determined intervals to dry the brake discs. This drying function delivers optimum brake performance in wet conditions.

The Toyota GR Supra's active rear differential inspires your driving confidence as it maximises the performance of the driving wheels for excellent traction.

A pair of Leather and Alcantara® accented upholstered sports seats provide the utmost comfort and bolstered support for your dynamic driving enjoyment in the Toyota GR Supra.

INTERIOR

A DRIVER-FOCUSSED COCKPIT

There's an exciting sense of occasion every time you open the driver's door of the Toyota GR Supra. Available in a Black or Ignition Red colour scheme, the cockpit envelops you into a driver-focused environment with all major controls at your fingertips ready for action. Your passenger will feel equally ready for the journey ahead comfortably seated in the interior while enjoying an expansive view of the road ahead.

Power Adjustable 14-way driver's, 12-way passenger front sport seats with 4-way power lumbar adjustment and seat heaters
Sliding into the Leather and Alcantara® accented upholstery, you immediately feel the secure embrace of the bolstered sports seats. A 14-way power adjustment with memory function allows you to set a personalised seat configuration to suit your driving style. There is an additional memory setting for a second driver if needed.

Leather Steering Wheel & Gear Lever
For greater control when enjoying the dynamic performance of the Toyota GR Supra, the cockpit design offers a tactile leather bound steering wheel and gearshift lever, with steering wheel mounted paddle shifters at your finger-tips for instant gear changes as you wish.

Push Button Start
For greater ease of entry and exit the Toyota GR Supra offers keyless entry with a push button start that reminds you not only of the car's sporting purpose, but that every day offers a chance for a driving adventure.

Dual Zone Automatic Air Conditioning
To maintain a cabin temperature that's comfortable for the driver and the passenger on every journey no matter how long or short, the Toyota GR Supra comes standard with dual-zone automatic air-conditioning.

Carbon Fibre Interior Ornamentation
Revealing its motorsport pedigree and development by TOYOTA GAZOO Racing, the sporting character of the Toyota GR Supra cabin is further enhanced and defined by its carbon fibre interior ornamentation.

TECHNOLOGY

TURN IT UP WITH TECHNOLOGY

Colour head-up display

A colour head-up display in the Toyota GR Supra puts all the necessary information needed for driving on the windscreen directly in your line of sight. Your eyes never leave the road, but you can see the vehicle speed, vehicle messages, driver assistance systems, and turn by turn navigation instructions.

Premium JBL audio system

For an even more entertaining drive, the Toyota GR Supra has 20 GB of internal music storage for you to pump up the volume of your favourite tunes through the premium sound quality of the JBL 12-speaker audio system.

Satellite Navigation

Thanks to a turn by turn function in the Toyota GR Supra's satellite navigation system, you'll never get lost or be late for an appointment, and enjoy a fun and stress-free drive to the destination.

Qi wireless device charger

A Qi wireless charger conveniently located in the front centre console of the Toyota GR Supra means you never need to worry about your Qi compatible device running out of power.

SAFETY

SAFETY WITHOUT COMPROMISE

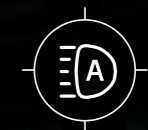

The Toyota Supra Safety Package will keep you safe in all driving conditions from the urban jungle to the open road.

For safer urban driving the vehicle includes Forward Collision Warning with Brake function, pedestrian and bicyclist detection. A Speed Limit Info system keeps you aware of the posted speed limit.

On the open road, Adaptive Cruise Control with Stop and Go will keep you safely at the speed limit behind other vehicles. Nobody likes to be stuck in traffic so it maintains a safe crawling distance from other vehicles bringing you to a complete stop when required.

For safer night driving the Adaptive Front Lighting redirects the headlamps when on low beam in accordance with the steering angle to enhance your visibility when cornering. Detecting the presence of street lights, headlights or tail lights ahead the Adaptive High Beam will shift from high to low beam, one less thing for you the driver to worry about.

Front parking sensors, and rear parking sensors with a brake function, provide you worry-free parking and manoeuvring in the Toyota GR Supra. A rear camera with dynamic guidelines shows you the exact path when reversing while the rear-cross traffic alert detects objects in your blind spot.

TOYOTA GR SUPRA SPECIFICATIONS

MECHANICAL SPECIFICATIONS	3.0 Litre Petrol, 6 cylinder in-line, 24-valve Double Overhead Cam, Twin scroll turbo charged with VVT-i (intake & exhaust), direct injection. Max power of 250kW @ 5000~6500rpm. Max torque of 500Nm @ 1600~4500rpm. 0-100km/h 4.3 seconds	
	Fuel consumption: 7.7L/100km ECE R101,01 (combined)*. CO ₂ emissions: 177g/km ECE R83,07 (combined)*. Exhaust emission standard Euro 6. Fuel tank capacity 52 litres	
	8-speed automatic transmission with manual mode. Normal and Sport drive modes. Launch control	
	Rear wheel drive with Active Differential	
STEERING, BRAKES & SUSPENSION	Variable ratio sport-tuned electronic power steering system. Minimum turning circle 10.4m (tyres)	
	Sports brake package: Power assisted ventilated front and rear disc brakes with red brake calipers. 4-piston front calipers with 348mm diameter brake disc, 1-piston rear calipers with 345mm diameter brake disc. Brake wear indicator, brake stand-by, brake drying and brake fade prevention functions. Electronic parking brake	
	Suspension: Front: Double Joint type MacPherson struts with stabiliser bar. Rear: Multi-link independent with stabiliser bar; Adaptive Variable Suspension	
EXTERIOR FEATURES	19" Forged alloy wheels: front 19 x 9.0 with 255/35ZR19 tyres; rear 19 x 10 with 275/35ZR19 tyres. Michelin Pilot Super Sport tyres, tyre repair kit	
	Front design: 6-lens LED headlights with automatic headlight levelling, Adaptive High-beam System, Adaptive Front-lighting System; LED Daytime Driving Lights; LED cornering lights	
	Front design: Body coloured front bumper, black mesh sport front grille; aluminium bonnet; green tinted windscreen glass with UV reduction; Euro style front number plate holder	
	Side design: Aluminium front guards and doors; body coloured door handles	
	Rear design: Rear diffuser; 100mm diameter wire brushed stainless steel exhaust tips	
Roof design: Double-bubble roof design		
INTERIOR FEATURES & CONVENIENCE	Leather and Alcantara accented sports seats with driver 14-way power adjustments (including 4-way lumbar) with 2-position memory; passenger 12-way power adjustments (including 4-way lumbar), seat heaters	
	3-spoke leather steering wheel (373mm), tilt and telescopic steering column adjustment, paddle shifts, audio, phone and Multi Information Display (MID) controls	
	Dashboard: upper black textured soft touch with contrast stitching; carbon fibre shift panel ornamentation	
	Dual zone automatic air conditioning with rear window defogger	
	Combination meter: 8.8" colour TFT LCD display with analogue central tachometer, gear shift indicator, digital speedometer on left, digital fuel and water temperature gauges, Multi Information Display on right	
	1.8" colour Head-Up Display	
	Adaptive Cruise Control with Stop and Go	
Centre console with 2 cupholders		
Automatic dimming interior rear view mirror; rain sensing windscreen wipers		
Luggage area cargo hooks x 4, bag hooks x 2, passenger side storage net on luggage sidewall; removable rear tonneau cover		
AUDIO & CONTROLS	8.8" colour touchscreen display, 12-speaker JBL premium audio system, AM/FM radio, 7-channel amplifier (maximum output 425W), Bluetooth capability with hands-free phone, audio streaming, email support, SMS support, audio player and voice recognition. Wheel-type capacitive touch controller. Front USB x 1 (2.1 amp), front 12V power outlet x 1, luggage area 12V power outlet x 1. Qi compatible wireless device charger. 20Gb internal music storage, screen mirroring via Wi-Fi	
	Satellite navigation	
SAFETY AND SECURITY	Safety rating - not tested	
	Toyota Supra Safety: Front Collision Warning with Braking function for vehicle, pedestrian and cyclist; Lane Departure Warning with steering intervention; Blind Spot Monitor	
	7 x SRS airbags: Driver, driver's knee, passenger, 2 x seat side, 2 x curtain shield	
	Active Cornering Assist, Speed Limit Info, Anti-lock Braking System, Electronic Brake-force Distribution, Brake Assist, Speed Limiter	
	Traction Control, Vehicle Stability Control; Drive-off Assistant; Tyre Pressure Warning	
	Rear Cross-Traffic Alert, Rear End Collision Warning, Attentiveness Assistant	
	Seat belts: 2x3-point, Emergency Locking Retractor with pre-tensioners and force limiters	
	Passenger seat child seat fixing points: 1 x ISOFIX and 1 x tether anchor	
	Engine immobiliser and alarm system; Smart key entry and push-button start	
	Parking sensors: 6 x front; 6 x rear with braking function	
Reversing camera with dynamic guide lines		
DIMENSIONS	Overall length / width (including mirrors) / width (excluding mirrors) / height (mm)	4379 / 2026 / 1854 / 1292
	Overall wheelbase (mm)	2470
	Track front / rear (mm)	1594 / 1589
	Ground clearance (mm)	115
	Gross vehicle weight (kg)	1815
	Kerb weight (kg min - max)	1495 - 1570
	Luggage capacity (litres)	290
	Towing capacity	not rated

Because Toyota believes in going the extra mile we offer comprehensive support and a great range of products and services for our valued customers.
