2WD & 4WD RANGE

HILUX DOUBLE CAB SR5 CRUISER IN GLACIER WHITE - TYRES SHOWN MAY DIFFER

HILUX

THE BENCHMARK. REBUILT.

Since its introduction to our rugged terrain 42 years ago, the Hilux has proven itself as a trusted partner for both work and play for New Zealanders everywhere.

Whether in the back country or the big city, the Hilux provides proven performance; a dependable ute that offers an incredible level of standard specification and interior comfort.

Comprehensive levels of performance in any environment are matched by an equally diverse array of options: there really is a Hilux for every task.

Whether it's the versatility a Hilux Cab-Chassis model gives the individual business owner, or the stunning detailing and rugged exterior styling the Hilux SR5 Cruiser brings to the boat ramp at the weekend, Kiwis in every corner of the country rely upon Toyota's world-class engineering to get stuff done.

Already an icon, the Hilux never stops evolving.

TYRES SHOWN MAY DIFFER

Hilux SR5 Cruiser stands apart from the pack with individual styling that reinforces its position as the absolute pinnacle of the range. The black trimmed model is available in PreRunner and 4WD variants while the Limited Edition Chrome is available in 4WD only.

Featuring a boldly accented black hexagonal upper grille which sits above the integrated front bumper design and between garnish-framed LED fog lights, SR5 Cruiser's tough exterior embellishments extend the full length of the ute.

For the Black edition Eclipse black door mirrors, door handles, a matte black tailgate handle and a charcoal painted rear bumper (with a uniquely moulded black rear step) serve to contrast memorably with any of the seven exterior colours the Hilux SR5 Cruiser is available in. The Chrome variant swaps out gloss and matte black treatments for bright chrome features.

The Hilux SR5 Cruiser also features a body graphics package, and 18" alloy wheels unique to each variant add to the idea of the SR5 Cruiser as a true stand-out.

TYRES SHOWN MAY DIFFER

- 1 The Hilux SR5 Cruiser variants boldly wear their unique exterior features that set them apart from the rest of the Hilux range
- 2 With a 31-degree approach and 26-degree departure angle, the Hilux SR5 Cruiser will overcome the obstacles lying in your path
- 3 Each SR5 Cruiser variant has unique 18" alloys including a full-sized spare wheel
- 4 The Hilux SR5 Cruiser variants boast a 700mm wading depth (at 10km/h), ensuring water fording can be completed with confidence
- 5 If you want the look of a 4WD but don't travel too far off road the Pre-Runner variant will deliver the goods
- 6 The SR5 Cruiser's unique interior includes black roof lining. Premium quality materials - piano black and silver accents around while blue illumination adds a classy touch
- 7 SR5 Cruiser features premium leather accented upholstery with contrasting silver stitching and front seat heaters setting the SR5 Cruiser variants apart from the rest of the Hilux range
- 8 Integrated Satellite Navigation is standard in the SR5 Cruiser models. This system also features SUNA Traffic Channel that provides an alternative route to keep you moving (traffic information only available in some regions)
- 9 A 4.2" full colour Multi-Information Display (MID) is standard in Hilux SR5 Cruiser
- 10 High and Low range 4WD can be selected quickly and easily, by utilising a simple switch in the centre console (n/a Pre-Runner)
- 11 The multi-function steering wheel provides the driver with access to Bluetooth connected phone and media, as well as Voice Recognition and Multi-Information Display (MID)
- 12 The 5-Star ANCAP safety rated Hilux SR5 Cruiser comes standard with 7 airbags

Hilux Double Cab SR5

2WD DOUBLE CAB SR5 UTILITY PRERUNNER IMT MANUAL

2WD DOUBLE CAB SR5 UTILITY PRERUNNER AUTO

4WD DOUBLE CAB SR5 UTILITY IMT MANUAL

4WD DOUBLE CAB SR5 UTILITY AUTO

Purpose engineered to transport you and your crew wherever you need to get to, the Hilux SR5 2.8-litre, four-cylinder turbo diesel engine when paired with the 6-speed auto produces peak power of 130kW and 450Nm of torque. Paired with the 6-speed manual transmission peak power is 130kW and torque is 420Nm. The iMT function controls engine speed to carefully match that of the transmission during gear shifting. The feature enables smoother seamless gear shifting in all driving conditions.

This reliable and efficient powertrains ability to hold its torque in a long flat spread means it's an ideal tow vehicle; both the 2WD PreRunner and 4WD Hilux Double Cab SR5 can tow to a maximum braked capacity of 3500kg, making it an ideal trailer, boat or horse float hauler. Even when Sunday gives way to Monday, it'll tow a mini excavator on a tandem trailer, or any other item of industry, with ease.

Toyota technology also has your back on the highway when towing; Trailer Sway Control (TSC) provides appropriate braking and reduces engine power automatically if it senses the trailer has started to wander back and forth off its intended line.

If you're utilising the Hilux Double Cab SR5 towing ability to its maximum, or encountering high winds, this type of technology will reassure you on the move.

- 1 Good looks at pace, the Hilux Double Cab SR5 features bold exterior styling that stands out from the crowd
- 2 Available as either a 2WD PreRunner or 4WD, the Hilux Double Cab SR5 features impressive load-lugging capabilities
- 3 The absolute dictionary definition of the perfect multiuse, the Hilux Double Cab SR5 boasts a braked tow rating of 3500kg
- 4 The 2.8-litre four-cylinder turbo diesel engine will prove both gutsy and smooth, depending on what you're needing your Hilux to achieve
- 5 Every Hilux features a 7" touchscreen, providing access to your audio, including streamed files from your Bluetooth connected smartphone or device
- 6 The Hilux Double Cab SR5 features the added convenience of keyless entry and a push button start system
- 7 Engineered for busy lifestyles, there are plenty of cubbies and stowage options inside every Hilux SR5
- 8 Rear passengers won't be compromising on space, with excellent leg, head and shoulder room a feature of every Hilux Double Cab utility. Rear seat passengers in SR5 Double Cab variants will stay fresh with the rear console air vents

Hilux Double Cab S & SR

2WD DOUBLE CAB S UTILITY MANUAL

2WD DOUBLE CAB SR UTILITY PRERUNNER AUTO

4WD DOUBLE CAB SR UTILITY MANUAL

4WD DOUBLE CAB SR UTILITY AUTO

There's nothing that says 'tough truck' like the Hilux Double Cab utility. This is straightforward dependability at its best, with rugged 17" black steel wheels (the 2WD 'S' grade double cab has 16" steel wheels) and a big wellside tray to take care of all your cargo.

Because it's a Hilux though, there are still plenty of features on offer. PreRunner and 4WD double cabs have a bold frontal design that combines an intricate black honeycomb grille framed in chrome, halogen headlights and fog lights.

With no less than five different versions of the Double Cab Utility, this range is the perfect blank canvas for business promotion with an abundance of fantastic accessories to accentuate a particular lifestyle, or simply to transport five people to the next jobsite.

4WD SR MANUAL SHOWN

- ① The Hilux Double Cab SR arrives with black alloy side steps and a large step up into the rear tray
- ② It might represent utilitarian motoring, but the Hilux Double Cab SR utility retains plenty of bold features, such as the chrome accented honeycomb grille, framed by powerful halogen headlights and Daytime Running Lights
- ③ 2WD PreRunner and 4WD Double Cab variants have a diff lock for added security when traction becomes marginal (n/a Hilux Double Cab 2WD S Utility)
- ④ The Hilux Double Cab offers a huge degree of flexibility, with manual available in all variants and automatic transmissions available in PreRunner and 4WD variants
- ⑤ Erring on the side of rugged practicality, surfaces and upholstery are designed to be hardwearing. Practical genuine floor mats are standard
- ⑥ All Hilux Double Cabs feature Voice Recognition as part of the audio system. S double cab has 4 speakers, SR variants have 6 speakers
- ⑦ Going off-road in a Hilux Double Cab 4WD? These grab handles will be especially handy for rear seat passengers
- ⑧ Windows and mirrors are easily controlled from the driver's seat

ALL IMAGES SHOWN - ACCESSORY TRAY NOT INCLUDED

With maximum power of 130kW from as low in the rev range as 3400rpm, and maximum torque of 450Nm (for automatic variant) between 1600rpm and 2400rpm, the Hilux Double Cab Chassis SR has plenty of grunt up front.

What's available at the back? Well, that's up to you. The flexibility Toyota's Cab Chassis Hilux models provide for industry is essentially endless, with this clever ute as a blueprint for however you want it to work for you.

Whether you're feeding out on the farm or creating infrastructure at the newest subdivision in town, the Hilux Double Cab Chassis gives you the ability to take all the tools you need, and the entire crew too.

- 1 Build it as you want it. The Hilux Double Cab Chassis SR gives you the perfect blank canvas for your ideal ute
- 2 The Hilux Double Cab Chassis SR is purpose-engineered with a durable chassis, ready to take on your custom tray
- 3 The Hilux Double Cab Chassis SR boasts a 5-star ANCAP safety rating, giving you peace-of-mind on the road and out in the back blocks
- 4 Front seats are upholstered in hard-wearing but comfortable fabric. The driver's seat features manual slide, recline and height adjustment for the perfect driving position
- 5 Toyota's multi-function steering wheel and audio touchscreen provide plenty of high-tech convenience
- 6 Cupholders? We've got cupholders, in both the front and rear as well
- 7 Because we know your Hilux Double Cab Chassis SR isn't always going to be travelling on pristine tarmac, the floors inside the cab are protected by hard-wearing PVC floor covering and genuine mats
- 8 Heating and ventilation controls are straightforward and simple to use. No fussy touchscreen menus here: simply choose your temperature, fan speed and direction with simple manual dials
- 9 Downhill Assist Control is a feature on automatic variants

Hilux Extra Cab S & SR

2WD EXTRA CAB S UTILITY MANUAL

2WD EXTRA CAB SR UTILITY PRERUNNER AUTO

4WD EXTRA CAB SR UTILITY AUTO

Extra comfort, extra load ability, extra good looks... the Hilux Extra Cab has it all, and even more when you consider what you can get in the tray.

Thanks to Toyota's clever packaging, the Hilux Extra Cab provides for more space to stow whatever you need – from dirt to dirt bikes – but still boasts enough space for four passengers.

When your invitation doesn't call for a 'plus 2', you can press ahead with a spacious rear cavity for tools, folders, boxes and anything else you don't want to stow in the tray. What's more, thanks to clever under-seat storage in the back, valuable items such as laptops and other devices can be tucked away out of sight.

- 1 The Hilux Extra Cab provides for plenty of flexibility, being available as a 2WD, Pre-Runner and 4WD ute
- 2 Still boasting all the road presence of the iconic Hilux, this top truck gives you more room in the rear for whatever you need to haul. More load space matched with excellent towing abilities? The Hilux Extra Cab is like the Swiss Army Knife of utes, with practicality aplenty
- 3 Extra cab, extra cubbies: in addition to under-seat storage in the rear, the Hilux Extra Cab also features a large storage box in the centre console
- 4 Clever rear access doors open up the entire side of the Hilux Extra Cab, ensuring you can reach everything you've stowed behind the front seats
- 5 It's not only tools and other items that can fit in the rear of the Hilux Extra Cab's interior space: there is room for up to two more passengers when you have to ferry extras somewhere important.
- 6 The Hilux blueprint is so successful because it gives drivers the best of everything as standard, including Bluetooth audio streaming, hands-free phone access, a reversing camera and a multi-function steering wheel

4WD EXTRA CAB CHASSIS SR MANUAL

4WD EXTRA CAB CHASSIS SR AUTO

- 1 Cab Chassis models ensure that the load-hauling abilities of your Hilux are perfectly attuned to your working week or weekend ahead
- 2 Hilux Single Cab Chassis and Extra Cab variants arrive with differing wheel sizes. The 2WD Single Cab has 16" black steel wheels, the 4WD Single Cab has 17" silver steel wheels and the 4WD Extra Cab has 17" black steel wheels
- 3 The Multi-function steering wheel provides the driver with all the convenience of an office on the road, but without the need to take your eyes off the road ahead
- 4 Heating and ventilation controls that are quick and easy to manipulate on the move...regardless of the terrain you're tackling
- 5 Hard-wearing upholstery inside the cab is a prerequisite for these most practically-minded Hilux models
- 6 Extra Cab models boast that little bit extra space behind the driver and front passenger seats for tools, boxes...even the lunchbox
- 7 All Hilux variants have the added safety of a reversing camera

4WD SHOWN

Hilux Safety

Take two examples of the exact same model Hilux, with the exact same specification. Chances are these two utes will lead completely different lives; one might rarely see a paved road ever again, while the other might never leave tarmac. One might carry work tools and fencing wire, while another will routinely transport a family of five.

Aside from their rugged reliability, the other common bond these two utes will continue to share is Toyota's commitment to safety. The manufacturer's world-renowned engineers make sure every single Hilux is ready for whatever comes its way, both on and off the road.

There are comprehensive standard safety features across the Hilux range and all variants are 5 Star ANCAP safety rated. Assisting in keeping the ute placed where intended on the move, there's an Anti-lock Braking System (ABS) which gives you the confidence to control your ability to stop rapidly when you need to, Vehicle Stability and Traction Control are standard. The Emergency Stop Signal (ESS) activates in the event of particularly hard braking warning following motorists of a potential incident ahead.

Intuitive Vehicle Stability Control (VSC) ensuring safe cornering no matter what the conditions, because you never know what's around the next corner.

All Hilux variants also feature Electronic Brake-force Distribution (EBD) and Brake Assist (BA) for even more control.

All Hilux feature have 7 airbags: driver's front, driver's knee, driver's side, passenger front, passenger side, and curtain shield airbags (front for Single cab's, front and rear for Extra and Double Cab's). And regardless of grade, all Hilux models are fitted with three-point ELR seat belts in every seating position.

Safety isn't just a priority for Hilux. The 5-Star ANCAP safety rating is testament to its renowned Toyota build quality.

Front seat pretensioners instantly tighten the seat belts at the time of a collision to help enhance occupant restraint performance. The force limiter function loosens the seat belts while maintaining the load to help mitigate the impact to the chest regions of the front seat occupants.

Hilux Accessories

Front, back, interior and exterior; your Hilux is covered by Toyota's Genuine Accessory range. You can't build the sort of solid reputation the Hilux range enjoys without testing, refining and engineering a vehicle to ensure it gives as good as it gets.

While reliable performance both on and off the road is a given, Toyota's development team has also worked hard to create a range of Hilux Genuine Accessories that is truly extensive.

The expanded Toyota Genuine range includes redesigned regular components for leisure and work-related activities, including a towbar purpose-designed to support the Hilux SR5 Cruiser's 3500kg maximum towing capacity. Familiar items such as bonnet and headlamp protectors, canopies and roof racks are available.

Hilux-specific nudge bars and bull bars are popular items, designed specifically to conform with the correct deployment of airbags during a collision. Elsewhere, your Hilux SR5 Cruiser can be further protected with ruggedised floor mats for the interior and both over and under-rail deck liners for the wellside tray, to ensure your vehicle stays in top condition regardless of what you're hauling.

Fitting Genuine Toyota Accessories ensures the integrity of your vehicle, with components tested to exacting standards for New Zealand conditions and backed by a 3 year or 100,000 kilometres warranty.

* Whichever comes first. Warranty valid from when accessory fitted, at time of new vehicle purchase at your Toyota Store.

Hilux Concept Vehicles

Accessory concept trucks feature custom built items, bespoke vinyl wrap and modified accessories that may not be readily available for sale. Warranty provisions shown at left do not apply.

Hilux Accessories

Hilux 4WD Double Cab SR5 Cruiser shown fitted with:

- 1 T Custom Canopy with liner. Canopy shown is an ABS plastic canopy with a central locking rear door. All T Custom canopies are supplied colour-coded to the vehicle and have an interior light. Fibreglass canopies are also available. Sliding or lift up windows, vent options and security mesh are other features that can be specified

Hilux 4WD Double Cab SR5 Cruiser shown fitted with:

- 1 T Custom Canopy with liner. Canopy shown is an ABS plastic canopy with a central locking rear door. All T Custom canopies are supplied colour-coded to the vehicle and have an interior light. Fibreglass canopies are also available. Sliding or lift up windows, vent options and security mesh are other features that can be specified
- 2 Over fender Wheel Arch garnish. This black textured garnish accentuates the muscular haunches of the wide body fenders

* Fuel consumption as per ADR 81/02 and emissions as per ADR 79/04 (Urban/Extra Urban/combined cycle) are tested in a controlled environment. These figures are for comparison purposes only between other makes and actual fuel consumption may vary under real world driving conditions. Fuel consumption will vary depending on many factors including driving conditions/style, vehicle usage, condition and options/accessories fitted. Every endeavour has been made to ensure text details and specifications contained in this publication were accurate as at 22 January, 2019. Toyota New Zealand Limited reserves the right at any time to introduce any changes deemed necessary to improve the models shown or for any other reason. Paint and upholstery colours shown in this brochure may differ from actual colours due to variations in printing processes. Some models shown in this brochure may have optional accessories fitted. For further information contact your nearest Toyota Store. They will be glad to assist. [Production effective July 2018]
