

LAND CRUISER

200 SERIES

LAND CRUISER

Unmatchable performance for every environment

The Land Cruiser legend has been built from over 60 years of unbeatable performance in environments the world over.

In the stylish, spacious and powerful Land Cruiser 200 range, Toyota has proven for generations that tough, go-anywhere practicality can be engineered hand-in-hand with premium comfort and technology.

Powered by a mighty 4.5-litre twin turbocharged and intercooled diesel V8 engine, the Land Cruiser 200 will quickly get you on your way with 200kW of power and 650Nm of torque. That big torque figure will also let you explore the Land Cruiser 200's capabilities as a reliable tow wagon for every New Zealand lifestyle.

The Land Cruiser features an impressive array of all-terrain technologies such as Multi-Terrain Select modes for assured off-road travel and CRAWL Control which acts like an off-road cruise control. Standard on VX Limited is the Kinetic Dynamic Suspension System (KDSS) which helps suppress body roll for on-road driving but on the most demanding roads and toughest tracks allows more flexibility in the suspension for better vehicle control and greater comfort.

Because it's our flagship Land Cruiser, there is an amazing degree of comfort and convenience technology onboard too, such as intuitive touchscreen controls, seamless Bluetooth® hands-free phone and audio streaming connectivity, four zone independent air conditioning, sumptuous leather accented interiors in both models and in VX Limited a powered glass sunroof. And of course every Land Cruiser 200 features a generous third row of seats for extra practicality.

Whether it's a trip to the snow, or the premiere of a show, the Land Cruiser 200 is your dependable, premium partner for the journey ahead.

Land Cruiser 200 VX

Big city or back country, the Land Cruiser 200 VX gives you everything you need.

Offering an incredible level of standard specification, along with world-beating off-road technology for the toughest terrain, the Land Cruiser 200 VX features a powerful 4.5-litre twin turbocharged and intercooled diesel V8 engine. Producing 200kW of peak power and a massive 650Nm of torque, the Land Cruiser 200 VX is perfect for that main highway cruise to a distant destination, or a quick sprint down to the boat ramp when the tide is turning and the fish are biting.

Land Cruiser 200 VX has a high level of interior ambience with premium leather accented seating and Qi wireless charging for compatible devices.

Inside the sumptuous, spacious cabin, premium soft-touch padded surfaces abound. The brushed metallic fascia of the centre console with thoughtfully placed switchgear ensures clarity to the multitude of functions on offer. There are multiple storage solutions for your everyday items.

- 1 A large 9-inch display screen creates a central focus for navigation, entertainment and vehicle data for those in the front seats, while the driver will also enjoy the Optitron instrument cluster with 4.2-inch Multi Information Display (MID)
- 2 The multi-function steering wheel provides the driver with access to Bluetooth® connected phone and media, as well as voice recognition and the Multi-Information Display (MID) system
- 3 A six-speed automatic transmission with sequential shift delivers the prodigious output of the 4.5-litre turbo diesel engine
- 4 Land Cruiser 200 VX has premium leather accented trim with 10-way powered adjustment for the driver and 8-way powered adjustment for the front passenger
- 5 With the third row of seats stowed, the capacious Land Cruiser 200 VX features 701-litres of luggage space or a massive 1267-litres with the second row also stowed (VX Limited shown)
- 6 The premium Land Cruiser 200 VX interior features four-zone independent air conditioning for absolute cabin comfort

- 1 Chrome plated and silver painted roof rails are standard on the Land Cruiser 200 VX
 - 2 The bold chrome frame and strong horizontal grille design extending into auto-levelling LED headlights underlines the wide stance of the tough and capable Land Cruiser 200
 - 3 Both Land Cruiser 200 models feature integrated LED Daytime Running Lights and separate fog lights
 - 4 18" alloy wheels with a five twin-spoke design are standard on Land Cruiser 200
 - 5 Rugged running boards and premium chrome accents are also standard features along the Land Cruiser's flanks
 - 6 The Land Cruiser's proven abilities when the track runs out are well-known. The Land Cruiser 200 boasts a wading depth of 700mm
 - 7 Ground clearance is 230mm and with an approach angle of 32° and a departure angle of 24°, the Land Cruiser 200 will get you almost anywhere
 - 8 LED tail lights and chrome detailing through the split-opening tailgate make a bold statement at the rear of the Land Cruiser 200
 - 9 The maximum braked towing capacity of the Land Cruiser 200 is 3500kg, making for a powerful tow vehicle for whatever your work day or weekend requires
 - 10 While offering up plenty of power, the 4.5-litre twin turbocharged and intercooled diesel V8 engine still returns fantastic combined fuel economy of 9.5-litres/100km*
- * Fuel consumption as per ADR 81/02 and emissions as per 79/04 & 30/01 are tested in a controlled environment.

Land Cruiser 200 VX Limited

The Land Cruiser 200 VX Limited matches go-anywhere performance with premium level comfort.

A high quality leather accented interior and powered glass sunroof add to the ambience, as does the Land Cruiser 200 VX Limited's Illuminated Entry System, which adds ambient light where it's needed most when entering or exiting the vehicle at night.

And just when you're thinking the Land Cruiser 200 VX Limited is only suited to city life; think again. This is a true Land Cruiser, incorporating all the off-road pedigree the nameplate stands for. With CRAWL Control, which essentially acts like an off-road cruise control, and the comprehensive Multi-Terrain Select system that offers the driver several selectable terrain modes for assured off-road driving suited to specific conditions, Toyota's flagship Land Cruiser 200 VX Limited remains sure-footed in any scenario.

Quite simply the Land Cruiser 200 VX Limited is Toyota's ultimate SUV.

- 1 Gloss black roof rails are standard on Land Cruiser 200 VX Limited
- 2 Land Cruiser 200 features rear privacy glass that looks great and takes care of the sun's glare
- 3 Land Cruiser 200 features tough underbody protection that offers resistance to deformation when you're off the tarmac
- 4 The Land Cruiser 200 ensures you have eyes everywhere, with an impressive Multi-Terrain Monitor system incorporating Underfloor View, Front View Rotating Display, Slip Display, Tilt Meter and Panoramic View capabilities
- 5 The suspension system at the front of the Land Cruiser 200 VX Limited features a double wishbone system with torsion stabiliser bar, while the rear suspension is comprised of a four-link system with coil spring and torsion stabiliser bar. The Kinetic Dynamic Suspension System (KDSS) helps suppress body roll for on-road driving but on the most demanding roads and toughest tracks allows more flexibility in the suspension for better vehicle control and greater comfort

- 1 Featured in both models is integrated Satellite Navigation to help you navigate unfamiliar roads
- 2 The leather accented interior is standard in both Land Cruiser 200 variants, as are soft-touch surfaces and high quality switchgear
- 3 With a cabin environment this spacious, it's a given that the Land Cruiser 200 VX Limited features plenty of storage space for everyday items. There are 12V and 220V outlets for charging devices on the go as well as wireless charging for Qi capable devices
- 4 CRAWL Control aids travelling at low speeds when traversing difficult terrain. CRAWL Control automatically controls engine output and vehicle braking to maintain a slow preset speed. As a result, the driver can concentrate on steering while the vehicle speed is controlled
- 5 For second row passengers the centre console control panel gives easy access to dual zone air conditioning and seat heater controls

Land Cruiser 200 | Safety

Toyota's commitment to occupant safety is exceptional and our engineers make sure every single Land Cruiser 200 is ready for whatever comes its way, both on and off the main road.

Land Cruiser 200 is enhanced with the high tech Toyota Safety Sense system which includes a Pre-Collision System with Autonomous Emergency Braking and Pedestrian Detection, Lane Departure Alert, Dynamic Radar Cruise Control and Automatic High-Beam system.

Standard safety features available in the Land Cruiser 200 range are comprehensive and include a reversing camera, front and rear parking sensors and the Land Cruiser 200's leading Multi-Terrain Monitor system which incorporates Underfloor View, Front View Rotating Display, Slip Display, Tilt Meter and Panoramic View.

For everyday on-road environments, every 5-star ANCAP safety-rated Land Cruiser 200 features key safety technology such as Active Traction Control (A-TRC) and Vehicle Stability Control (VSC). Hill-start Assist Control takes the pressure out of achieving a smooth take-off on inclines, while Trailer Sway Control provides additional confidence when towing.

The Blind Spot Monitor (BSM) alerts the driver to vehicles beyond the peripheral view when changing lanes on multi-lane roads, while Rear Cross Traffic Alert (RCTA) acts as an early warning system when reversing out of parking spots, where lateral visibility might be compromised by obstacles such as other parked vehicles.

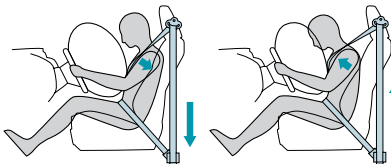

Front, knee and front seat side airbags for the driver and front passenger, second row side airbags and full length Roll Sensing Curtain Shield Airbags (RSCA) are all designed to help protect everyone onboard in the event of an incident.

Safety isn't just a priority for Land Cruiser 200. The 5-Star ANCAP safety rating is testament to its renowned Toyota build quality.

Pretensioners in front and outer second row seats instantly tighten the seat belts at the time of a collision to help enhance restraint performance. The force limiter function for the front seats loosens the seat belts while maintaining the load to help mitigate the impact to the chest regions of the front seat occupants.

- 1 Both Land Cruiser 200 variants have Blind Spot Monitor (BSM) with Rear Cross Traffic Alert (RCTA) to inform that a vehicle is looming up from behind
- 2 Multi-Terrain Select is for low speed off-road travel. It offers several selectable terrain modes for assured off road travel allowing novice drivers to leave the roads behind with the skill of a seasoned driver. While using Multi-Terrain Select, drivers can also gain a firm idea of the terrain surrounding the vehicle via the Multi-Terrain Monitor that operates at up to 12km/h

- 3 First row front, side and knee airbags, second row outer side airbags and full length Roll Sensing Curtain Shield Airbags (RSCA)
- 4 All passengers are secured with ELR seat belts, with adjustable front and second row outer anchors. Plus, the driver and front passenger seatbelt warning lights and buzzer help to ensure you're belted in
