COROLLA ZR IN GLACIER WHITE

COROLLA

The Corolla sedan range takes an iconic nameplate and builds on it with great modern looks, practical dimensions, impressive levels of comfort, fantastic fuel economy and the latest in Toyota safety technology. The proven reliability of the world's biggest-selling nameplate is just the start; with three different grades of Corolla sedan to choose from, the Corolla range has never presented so much specification.

Power with purpose

COROLLA GX IN GLACIER WHITE

COROLLA GLX IN SILVER ASH

COROLLA ZR IN WILDFIRE

With a powerful 1.8-litre petrol engine at the heart of the Corolla sedan, your journey will be comfortable whether it's across town or out on the state highway. Power doesn't come at the cost of fuel economy though; thanks to the use of low friction components and Toyota's fantastic engine efficiency technology, the Corolla sedan delivers improved combined fuel economy of 6.4-litres/100km*.

Helping provide you with a comfortable, engaging on-road experience is the Corolla sedan's improved Continuously Variable Transmission (CVT), featuring step upshift and downshift control functionality, G-AI Shift which automatically changes shift patterns in response to road conditions, and driver inputs, deceleration control and a sports driving mode.

* Fuel economy ADR81/02 (combined).

Features that make a difference

Easy to drive, reliable to own; it's a Corolla after all.

The Corolla sedan matches its modern exterior looks with a comfortable cabin full of fantastic convenience technology. Whether you're transporting two, three or more, the Corolla sedan can be both a work tool and weekend transport. It will remain economical to drive and won't let you down.

Exterior - sleek style

The Corolla sedan stands apart from the competition with a host of newly updated signature design features that are uniquely Toyota.

There's a distinctive new front grille design across the range, with an updated front bumper bisecting upper and lower vents. The Corolla sedan's headlights have been redesigned to be slimmer, but no less visible with a combination of Halogen (GX and GLX) and bi-beam LED (ZR) light technology showing the way. Auto light control is standard across the range.

The updated Corolla sedan styling extends further than the front end though; new combination taillights, a reshaped garnish on the bootlid and - on GLX and ZR grades - updated 16" alloys featuring two-tone grey accents, are further exterior highlights.

Interior - modern comfort

The Corolla sedan isn't only distinctive from the outside. On the inside you will discover plenty of premium-accented features in the spacious cabin, as well as modern styling elements synonymous with the iconic Corolla nameplate.

The Corolla sedan's instrument panel features a bold double-layer structure, along with a bright and clear 4.2" colour Multi-Information Display (MID) between classic dual speedometer and tachometer rings. In front of these sits a steering wheel boasting updated convenience buttons for safer on-the-go operation. Modern technology such as Bluetooth phone connectivity and audio streaming is a given, as is a reversing camera and a 60:40 split rear folding seat for added convenience.

An intuitive 7" touchscreen display is now standard across the entire range and you'll find Satellite Navigation with the added convenience of SUNA* real-time traffic information in GLX and ZR grades, along with Voice Recognition capability. The ZR grade Corolla sedan receives synthetic leather door trim and leather accented seats. The driver's seat in the ZR is also 8-way power adjustable and includes lumbar adjustment too.

You'll also note just how peaceful it is inside the Corolla sedan; Toyota has worked hard to improve the silencing material used in the model's interior panels to ensure the quietest possible cabin, regardless of the road surface you are on.

* SUNA traffic information only available in some regions.

- 1 All models have AUX and USB connection ports positioned on the lower instrument panel. Up top there is a 7" colour touchscreen display with radio, CD player, Bluetooth hands-free phone capability and audio streaming, as well as a reversing camera display
- 2 The multi-function steering wheel has control buttons for audio, phone, cruise control, and display functions, meaning you can stay connected and informed on the move without having to reach for the centre console
- 3 The expressive design of Corolla Sedan inside and out presents a crisp new face to the world. From small details like wind deflecting fins to the taut bodylines, Corolla Sedan is made for today's roads
- 4 The CVT transmission is available across the range and incorporates speed ratio control logic, which helps provide for a smoother, more intuitive drive experience
- 5 With plenty of occupant room front and back, along with a 470L boot capacity to comfortably take up to four golf bags, the Corolla Sedan is a medium-sized car that boasts the attributes of a much larger sedan
- 6 Available on GLX and ZR models, the smart entry and start system enables the locking and unlocking of the driver's door and boot plus starting the engine just by carrying the key in a pocket or bag

Giving you even more premium with your practicality, the GLX builds on comprehensive specification with even more impressive features, such as a Satellite Navigation system with SUNA traffic avoidance*, smart entry and start system, along with a Multi-Information Display (MID) screen, front fog lights and stylish 16" alloy wheels.

COROLLA GX IN GLACIER WHITE

COROLLA GLX IN WILDFIRE

- 1 The exterior lines of the Corolla Sedan GX feature chrome accents front and rear, that draw attention to the car's stylish, modern European-inspired design
- 2 The Corolla sedan features a boldly redesigned front end, with slimmer headlights and an updated, modern looking front bumper assembly
- 3 There is a variety of technology onboard to add convenience to your drive, including Bluetooth hands-free phone and audio streaming capability, accessed through the intuitive 7" touchscreen display
- 4 Thanks to a 60:40 split rear folding seat, you can load long or awkwardly shaped items. With the help of a clever one-touch fold down mechanism, you can stow and go quickly and easily
- 5 Every Corolla sedan features 7 airbags and the comprehensive Toyota Safety Sense package, which includes Pre-Crash Safety System (PCS), Automatic High Beam (AHB) and Lane Departure Alert (LDA) technology
- 6 The specially retuned Continuously Variable Transmission (CVT) helps deliver greater fuel efficiency, along with a more comfortable and engaging drive wherever you're taking your Corolla sedan

- 1 The Corolla Sedan GLX adds more sparkle to proceedings, with fog lights, dual 'V-Design' 15-spoke 16" alloy wheels and a signature chrome plated horizontal strip that spans the entire width of the car's grille, headlights and again on the door handles
- 2 In addition to the standard reversing camera, the GLX also features parking sensors both front and rear, meaning you're always well within your limits in even the tightest urban environments
- 3 An updated dashboard features plenty of premium detailing. The Corolla GLX sedan features chrome accents inside, while the ZR grade adds synthetic leather door trim and leather accented seats
- 4 GX and GLX models share the same high quality seat fabric with contrast stitching
- 5 The smart start system instantly brings Corolla GLX and ZR models to life - there is no need to take the key out of your pocket

*SUNA traffic avoidance system not available in all regions

COROLLA
ZR

FRONT WHEEL
DRIVE

The top of the range Corolla Sedan ZR boasts leather accented seat facings and premium technology, including LED Daytime Running Lights (DRL), an integrated alarm system, paddle shifters on the steering wheel, rain sensing windscreen wipers, climate control air conditioning and Satellite Navigation with SUNA traffic avoidance system*.

COROLLA ZR IN GLACIER WHITE

- 1 The Corolla Sedan range is longer, wider and lower than previous generations benefiting both driver and passengers. The crisp exterior styling and high level of finish positions Corolla ZR at the head of the world's best selling family of cars
- 2 Leather accented seats feature in the range topping ZR. The driver's seat features power slide and recline functionality, with vertical height and lumbar adjustment

- 3 Rear stop lights on all Corolla sedan models are LED for maximum visibility
- 4 LED headlights and Daytime Running Lights (DRL) are exclusive ZR features
- 5 The fully featured steering wheel includes controls for audio, phone, Multi-Information Display (MID) and an on/off button for Lane Departure Alert (LDA). Satellite Navigation is standard in ZR and GLX
- 6 All models have two centre console cup holders and front door pockets capable of holding an 800ml drink bottle
- 7 Rear seat passengers in ZR will enjoy the comfort of leather plus there is the practicality of 60/40 split folding seat backs

* SUNA traffic information only available in some regions.

World class safety

The Corolla range now features the Toyota Safety Sense package. The result of years of research and development, Toyota Safety Sense brings together a number of safety technologies, including a Pre-Crash Safety System, Lane Departure Alert and Automatic High Beam.

COROLLA SEDAN GX IN GLACIER WHITE

Make Corolla Sedan your own

Only Toyota Genuine Accessories are designed and manufactured to the same high standard as original parts. They are engineered using manufacturer data to ensure that vehicle integrity is not compromised. This means the functionality of important precision systems such as airbags will not be impaired by their installation.

COROLLA SEDAN GX SHOWN FITTED WITH: HEADLIGHT PROTECTORS; BONNET PROTECTOR - ACRYLIC; WEATHERSHIELDS - ACRYLIC; TOWBAR AND WIRING HARNESS; 17" TRD ALLOY WHEELS.

The Corolla sedan offers a truly impressive level of standard safety equipment on-board.

Toyota's comprehensive Safety Sense package has now been added to the Corolla sedan, giving drivers everywhere and in all types of environments, a truly impressive level of standard safety technology.

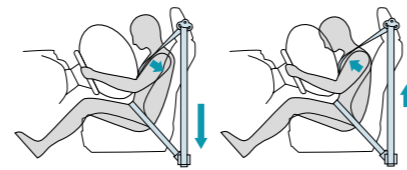

This system incorporates a number of safety measures, providing extra peace of mind, including Toyota's Pre-Crash Safety System (PCS), Lane Departure Alert (LDA) and Automatic High Beam control (AHB).

In addition to Vehicle Stability Control (VSC) and Traction Control (TRC), occupants are protected by driver and front passenger, front side, front/rear curtain shield and driver's knee airbags. All five seating positions feature 3-point seat belts fitted with ELR function.

An emergency stop signal has also been added, which activates in the event of particularly hard braking; rear hazard lights blink as a warning to following motorists of a potential incident ahead.

Safety isn't just a priority for the Corolla Sedan. The 5-Star ANCAP safety rating is testament to its renowned Toyota build quality.

Front seat pretensioners instantly tighten the seat belts at the time of collision to help enhance occupant restraint performance. The force limiter function loosens the seat belts while maintaining the load to help mitigate the impact to the chest regions of the front seat occupants.

10.8m

Electric Power Steering (EPS) is vehicle speed sensitive so low speed manoeuvres require minimal effort while at highway speeds less assistance is provided. The turning circle is a city friendly 10.8m.

Selecting Sport mode changes the shifting pattern of the transmission for more spirited driving.

The outer rear seats have two ISOFIX fixing points for easy attachment of child seating. There are 3 tether anchors across all rear seats.

Standard across all models, a reversing camera with guidelines greatly enhances all-round safety when backing out of a tight spot. It's also great to feel that extra confidence if you find yourself nervous in car parks.

Corolla Sedan occupants are well protected with driver, front passenger, front side, front/rear curtain shield and driver's knee airbags.

Protection. Acrylic bonnet and headlight protectors (sold separately) are custom-shaped to protect the bonnet and headlight areas from stone chips, insects and paint damage. They are manufactured to be tough and resistant to UV discoloration.

Towbar and Wiring Harness. The fixed tongue towbar and accessories allow you to tow a maximum braked load of 1300kg and unbraked load of 450kg with your handy, versatile Corolla Sedan.

Weathershields. This set of acrylic slimline weathershields allow fresh air into the cabin while protecting you from the elements. They are lightly tinted to reduce glare and resistant to UV discoloration.

Seat covers. Protect your seats from daily wear and tear with high quality fabric seat covers. Boasting excellent wear resistance, they are easy to clean for lasting good looks. Finely tailored to fit snugly, the covers allow easy access to front seat map pockets and are side airbag compatible.

Carpet Floor Mats. Protect the floor area of your Corolla Sedan from daily wear and tear with tailored carpet floor mats, woven from premium quality materials. Featuring distinctive Corolla branding, the driver's side floor mat features two retaining clips to ensure it stays securely in place.

Aerodynamics. Add some flare to your Corolla Sedan while improving the aerodynamics. Constructed from high quality lightweight plastic, the rear spoiler has been designed by Toyota to complement your Corolla. Note: requires painting.
