# ***FORTUNER***

FORTUNER LIMITED IN CRYSTAL PEARL

# **FORTUNER**

The go anywhere,  
do anything 7 seater

Fortuner draws upon Toyota's proven four-wheel drive heritage and combines it with the premium level of fit, finish and standard specification already showcased in our comprehensive SUV range.

FORTUNER GXL IN SILVER SKY

FORTUNER LIMITED IN SILVER SKY

FORTUNER GXL IN CRYSTAL PEARL

FORTUNER LIMITED IN NEBULA BLUE

# FORTUNER

Fortuner lives up to its authentic all-terrain capabilities, with a rugged, high-riding exterior, robust wheel arch surrounds and sidesteps. Featuring an off-road-proven maximum wading depth of 700mm and excellent approach and departure angles, Fortuner ensures you're never going to get caught short on the rough stuff.

Needless to say, both Fortuner models are fitted with go-anywhere 4WD hardware, ready to tackle all the workday challenges and weekend thrills you're keen to get out and experience. And to make sure you stay safe there's Down-hill Assist Control (DAC), Hill-start Assist Control (HAC) and Active Traction Control (A-TRC) across the range.

This tough 7 seater wears its legendary Hilux DNA on its sleeve and is powered by the 130kW 2.8-litre four cylinder common rail direct injection turbo-diesel engine, as seen in the ever-popular Hilux. This smooth, modern engine delivers incredible peak torque of 450Nm, making the Fortuner an excellent tow vehicle; whether it's a boat, trailer full of dirt bikes or something necessary to your business, Toyota's latest SUV allows you to bring along everything you need with ease.

While providing all that power, the Fortuner never forgets its manners; the turbo-diesel engine is also impressively quiet and efficient with fuel consumption of just 8.6L/100km\*.

Inside the cabin, there is no scrimping on the good stuff. The Fortuner presents an elegant interior, with plenty of space for up to 7 occupants and a host of modern comfort and convenience features that Toyota's loyal SUV customers have grown to expect.

The Fortuner lives up to the demands of modern life, with technology such as handy keyless entry and start system, Satellite Navigation with SUNA Traffic Avoidance System (traffic information only available in some regions). Bluetooth hands-free phone connectivity and audio streaming, a reversing camera and easy-to-manoeuvre 'Touch Tumble' seats. In addition there's a power back door for easy loading when your hands are full.

The Fortuner has the goods to back up the looks.

\* Fuel consumption as per ADR 81/02 and emissions as per ADR 79/04 & 30/01 (Urban/Extra Urban/combined cycle) are tested in a controlled environment.

# Fortuner 4WD GXL

We're very proud of the incredible level of specification features in the Fortuner GXL. It's a fantastically spacious 7 seater with all sorts of comfort and convenience technology, designed to make life that much easier.

From the bright, clear multi-information display and seamless Bluetooth integration with your devices, to the many storage solutions, cup holders, assistance grips for passengers and convenience hooks; the Fortuner GXL has you covered.

There's also a standard reversing camera which takes the pressure out of backing up, giving you a safe, clear view of what's behind you. It's as handy in a confined urban car park as it is when backing up to the boat trailer.

A powered rear door makes all the difference when you're laden down with sports gear or shopping bags. Similarly the smart key will unlock when you touch the door handle and to start the Fortuner, you don't even need to take the key out of your bag or pocket.

It's the simple conveniences that make this such a great vehicle to own and drive.

- 1 The Fortuner GXL and Limited feature integrated satellite navigation, with SUNA Traffic which gives you real-time updates on potential delays along your chosen route (traffic information only available in some regions)
- 2 Every Fortuner features a comprehensive seven airbag safety system as standard
- 3 The bright 7" display is home to the audio controls, reversing camera, Satellite Navigation, Suna Traffic Channel and set-up
- 4 Bold, detailed fabric brings a contemporary look to the spacious interior of the Fortuner GXL
- 5 The Fortuner GXL and Limited both feature Climate Control Automatic Air Conditioning system, accessed through intuitive LCD display controls

- 1 Both the GXL and Limited models feature Bi-Beam LED headlights, LED Daytime Running Lights and LED fog lights
- 2 There's plenty of urban appeal with the exterior design of the Fortuner GXL, including charcoal finish roof rails and chrome accents front and rear
- 3 The Fortuner features a matt-black b-and-c pillars; a stylish design detail which gives the SUV a modern "floating roof" side profile
- 4 17" alloy wheels are standard on the Fortuner GXL, as are all-terrain tyres suitable for challenging conditions
- 5 Integrated side-steps add to the idea of the Fortuner as a rugged and practical SUV that remains easy to enter and exit
- 6 The Fortuner boasts a rear differential lock engineered for especially tough tracks
- 7 The Fortuner is made for the rough stuff, with a high ride height and excellent approach and departure angles for those trickier tracks and tough underbody panels that offer greater protection when you're off the tarmac
- 8 The Fortuner's Euro 5 compliant 2.8-litre four-cylinder turbo diesel engine is quiet, clean and very fuel-efficient, offering combined economy of 8.6-litres/100km
- 9 Every Fortuner features a full-sized spare wheel (17" steel for GXL, 18" alloy for Limited)

# Fortuner 4WD Limited

FORTUNER 4WD LIMITED 2.8L TURBO-DIESEL 6-SPEED AUTO

The Fortuner is the ultimate lifestyle vehicle that allows you to get to where you're going with everything (and everyone) you need onboard.

Toyota's tough 4WD architecture and technology underpins this cool 7 seater, so you know it arrives with as much ability in the rough stuff as it has on the open road.

In addition to boasting the power of Toyota's new powerful, quiet and efficient 2.8-litre, four cylinder Turbo Diesel engine, the Fortuner Limited rides on exclusive 18" alloys. Inside, both front seats have power adjustment and seat heaters. All seats are finished with dark brown leather accents.

The Fortuner gives you absolutely everything required for the road ahead. And when you get there GXL and Limited models illuminate the ground below both front doors with puddle lamps.

- 1 Maximum braked towing capacity is 2.8 tonnes making the Fortuner Limited a capable tow vehicle for whatever your work day or weekend requires
- 2 The Fortuner Limited rides on 18" alloy wheels with a design that's sets it apart from the rest of the range
- 3 Both Fortuner variants feature Bi-beam LED headlights and integrated LED fog lamps for safer travel when visibility is restricted
- 4 Fortuner's wide track and short overhangs underline this dependable 7 seater's abilities both on and off road
- 5 When the paved roads run out, Toyota's proven, heavy-duty 4WD system will always set you straight
- 6 Fortuner GXL and Limited models have a power rear door that takes the hassle out of opening it when your hands are full

- 1 A large, high resolution Multi-Information Display (MID) is standard in the Fortuner Limited's instrument cluster, providing the driver with detailed, easy-to-read information while on the move
- 2 Entertainment is delivered courtesy of an 11 speaker JBL audio system
- 3 The multi-function steering wheel provides the driver with access to Bluetooth connected phone and media, as well as Voice Recognition and Multi-Information Display (MID) data
- 4 Three-point Emergency Locking Retractor (ELR) seatbelts and fully adjustable headrests are provided for all seven seating positions. The Fortuner Limited's front seats are power adjustable
- 5 The second row of seats split 60:40 and features 'Touch Tumble' functionality, meaning they will move forward and fold down in one seamless manoeuvre
- 6 The third row of seats splits 50:50 and can be tucked away to the sides of the luggage area when not needed

# Fortuner | Safety

Toyota's engineers make sure every single Fortuner is ready for whatever comes its way, both on and off the road. We recognise that, with space for 7 onboard, your Fortuner is carrying precious cargo whether it's a work day or a weekend off.

Comprehensive standard safety features include a reversing camera, rear parking sensors, stability and traction control, anti-skid brakes and an emergency stop signal.

Fortuner's 5-star ANCAP safety-rated and features our proven Anti-lock Braking system (ABS), which gives you the confidence to control your ability to stop rapidly when you need to.

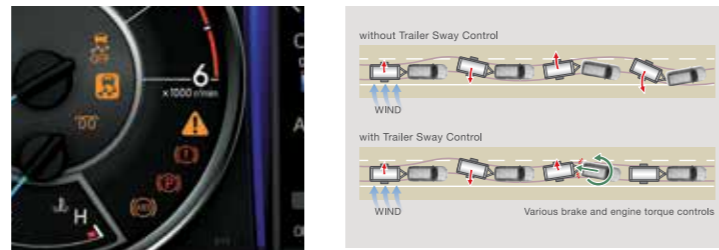

This premium-level SUV also features intuitive Vehicle Stability Control (VSC) that helps improve the vehicles stability by detecting and reducing loss of traction. Electronic Brake force Distribution (EBD) and Brake Assist (BA) are with you all the way as well, for even more control.

When you're towing it's also reassuring to know every Fortuner is fitted with Active Traction Control (A-TRC) and Trailer Sway Control (TSC).

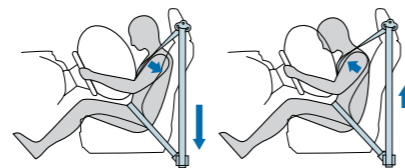

Our Fortuner range also features driver and front passenger, driver's knee, front seat side plus front and rear curtain shield airbags. Every model is fitted with three-point ELR seatbelts in all 7 seating positions. Each seating position also receives its own headrest and there are two ISOFIX points and three tether anchors to install child seats to the second row.

Hydraulic rack and pinion power-assisted steering is vehicle speed sensitive so low speed manoeuvres require minimal effort while at highway speeds less assistance is provided. The turning circle is a city friendly 11.6m.

Safety isn't just a priority for Fortuner. The 5-Star ANCAP safety rating is testament to its renowned Toyota build quality.

Front seat pretensioners instantly tighten the seat belts at the time of a collision to help enhance occupant restraint performance. The force limiter function loosens the seat belts while maintaining the load to help mitigate the impact to the chest regions of the front seat occupants.

# Toyota Genuine Accessories

Fortuner GXL shown accessorised : Steel Premium Bullbar; Side Steps- Steel (with black painted step panels); Snorkel- Ram Head; 18" Alloy Wheels-Matte Black; Tow Kit; Canvas Seat Covers ; Aftermarket Roof Platform.

## Make Fortuner your own

You can't build the sort of solid reputation Toyota's extensive range of four-wheel drive models enjoy without testing, refining and engineering a vehicle to ensure it gives as good as it gets.

While reliable performance both on and off the road is a given, our development team has also worked hard to create an extensive range of Toyota Genuine Accessories.

Fitting Genuine Toyota Accessories also ensures the integrity of your vehicle, with components tested to exacting standards for New Zealand conditions and backed by a 3 year or 100,000 kilometres\* warranty. \*Whichever comes first. Warranty valid from when accessory fitted, at time of new vehicle purchase at your authorised Toyota Dealer.

**Nudge Bar** - protect the front of your Fortuner with this great looking stainless steel nudge bar. The highly polished finish is low maintenance and hard wearing. The nudge bar is fully SRS airbag compatible and is ANCAP-5 star rated. Features mounts for driving lights.

**Headlight Protectors - Acrylic (Clear)** - these covers protect the headlights from stone chips and road debris. Available for both GXL and Limited with LED headlights (as shown).

**18 inch Alloy wheel - Grey Metallic** - upgrade your Fortuner GXL to this 18" Alloy wheel package in metallic and grey finish with bright polished alloy highlights.

**Steel Premium Bull Bar** - the ultimate in protection for off-road and everyday use. Fabricated from high-tensile steel with a durable black powder-coat finish. Designed with angled wings for improved approach angles. Fully SRS airbag compatible - features driving light mounts.

**Weathershields - Acrylic (Clear)** - these clear acrylic weathershields allow fresh air into the cabin while keeping the weather out.

**Tow Kit Package** - the towbar has a removable tongue and is rated to a maximum braked load of 2800kg. Includes the trailer wiring harness, accessory fuse box and towball.
